Why CHOOSE SEU

The campus is small, inviting, and welcoming. SEU really creates an environment to shape its students for life, no matter what it is they want to do.

Megan L.

My college experience at Saint Elizabeth was amazing. Great teachers who instilled leadership skills so essential in my career.

Helen C.

SEU is a place to grow and to personalize your own path. I found every minute of it.

Josephine O.

I honestly figured that I wasn’t cut out for college but each and every one of my professors were always there for me when I needed them the most. SEU taught me how to be a great student, leader, and mentor.

Justin G.

The professors take the time to get to know their students. Many, many individuals from the community have become my mentors and dear friends. I have gained an incredible support system.

Maria C.

At SEU, there are people all around campus who will help you no matter what. At a bigger school, there are too many people to get any individualized attention.

Isaac C.

Everyone here just loved their time at SEU.

Carla E.

In addition to supportive professors and small class sizes, SEU faculty and staff were instrumental in helping me in my job search after graduating.

John K.

Your professors know you by name and care about your well being both academically and emotionally. The importance of helping others is evident in everything from the campus activities to the people who work at the University. SEU is truly a special place.
