Dear CSE Community:

The past two weeks have been a real eye-opener for all of us. As we brave the uncertainties of the COVID-19 crisis, we must remain strong, and focus on what we need to do to ensure that we get through this crisis together.

Our community has risen to the challenge, working tirelessly to ensure the safety and well-being of everyone on our campus. We continue to be grateful for the dedication of our faculty, staff, and students, and the support of our alumni and friends.

The College has been working with state and local officials to develop a plan for reopening, and we will continue to keep you informed as we move forward. In the meantime, please continue to follow the public health guidelines provided by the Center for Disease Control and Prevention (CDC) and the New Jersey Department of Health (NJDOH).

We are in the process of determining the best way to address a pass/fail grading system. We will continue to keep you informed as we move forward with this important decision.

In accordance with the current Executive Order, Mahoney Library and all campus computer labs are closed. The Dean of Professional Studies is Dr. Patricia Heindel and she can be reached at pheindel@cse.edu. The Dean of Arts and Sciences is Dr. Anthony Santamaria and he can be reached at asantar@cse.edu.

We understand the impact today’s environment is having on students, particularly our seniors. The College is preparing a plan for students who could not remove all of their belongings prior to leaving campus, and we will communicate next steps.

The past two weeks have been a blur with experiences most of us have never before experienced. Mindfulness, patience, and care will serve us well as we move forward together.

The journey we are all traveling together is extraordinary. Mindfulness, patience, and care will serve us well as we move forward together.

Yours truly,

Helen J. Streubert
President
