

The SEU Oath

On this day,
I recommit my life to the embodiment of my highest self.

In this hour,
I will put forth my best effort to reflect the excellence in my words,
deeds and endeavors.

In the moment,
I express gratitude for every experience before me: the choice to learn and
expand my understanding;

the choice to serve and lead;

the choice to recognize human dignity by respecting everyone and myself;

the choice to love;

and the opportunity to use the gifts I have been given to empower myself
and my community, enrich the lives of others and change the world;

on this day; and for every day to come.
